	JavaScript Banner Ads
	External CSS formatting

Note: All photographs and logos on this site are being used under the permission of the Economic Development Corporation of Tipton County.

This site is cross-browser compatible (tested on IE, Opera, & Netscape) and was designed for a browser resolution of 800 x 600.

There are a few errors with Netscape 4.79; the navigation menu gets squashed and the bottom menu on each page lines up vertically. Netscape 6.2 should've never been made. My forms and a table on the main page do not even show up.
